

# Groceries & Beer

# House Rules

## Welcome Back!

Whilst we are over the moon to be back open again, things are a little different. Please work with us on providing the best experience we can at this moment in time by following these simple rules. **If you experience any issues, please communicate these to a member of our team.**

**Be polite, patient and compliant with our staff & house rules at all times. Any behaviour deemed to be unsuitable or unsafe will result in being asked to leave the venue immediately at the discretion of the venue management. This includes intoxication and behaviours associated with it.**

**Fill in the sign in sheet** (one person per party) and agree to our terms of entry prior to entering the venue. This is a track and trace measure in the unlikely event of a COVID-19 case. Details will be kept on file for 21 days in line with GDPR requirements.

**Abide by our allocation of 2 hours per party** and leave your table when requested by a member of our team.

**Stay seated within your allocated table space** and do not encroach or join other tables or parties.

**Follow our social distancing measures** as marked out on the venue floor at all times.

**Abide by our maximum party number of 6 persons** per table.

**Ensure children of all ages are seated and supervised at all times.**

**Do not stand or walk around the venue** unless you are ordering at the bar or using our toilet facilities.

**Please sanitise or wash your hands frequently** using the sanitiser provided or at the toilet hand wash station.

## Toilets

**A maximum of 1 person** is permitted in the toilet at any one time.

**Please form an orderly queue** at the toilet entrance using the floor markings.

**Please wash/sanitise your hands** on both entering and exiting the toilet facilities.
